

Welcome to the CAD Pack ^(SM) Software, August 2009 Update!

The following information describes the Herman Miller North America CAD Pack August 2009 Update for AutoCAD Releases 2004 – 2010.

Installing the CAD Pack Update

First, be sure you have installed the August 2009 CAD Pack software. If you do not have the August 2009 release, go to www.hermanmiller.com/cadpack, select the [Order CAD Pack](#) link and submit your request to receive a DVD by mail.

The CAD Pack update is distributed in a self-extracting executable file, CADPack_Aug09_Update.exe.

1. Before executing update, close CAD Pack Product Browser if open.
2. Double click on the file to launch the self-extracting installation program.
3. The installation program will automatically detect and display the August 2009 CAD Pack Application and Data directories (i.e. C:\Program Files\HMI\CADPack). **You cannot use this installer to change the location of the previously installed CAD Pack software.**

Catalogs Added

- **Programmable Environments (HEM):** Added new catalog for Energy Manager (Bulletin 08/20/2009-e).
- **Sense Desking System (HSD):** Added new catalog and legend containing partial product offering (Bulletin 09/10/2009-a). The December 2009 CAD Pack release will contain the complete vocabulary.

Products Added

- **Intent Furniture:** Added plan and 3D symbols for new modesty panel FT697. (Bulletin 09/17/2009-c). Added plan and 3D symbols for privacy panel new width FT693.xx72 and new storage common top FT593. (Bulletin 10/08/2009-k)

Products Modified

- **Intent Furniture:** Modified plan and 3D symbols on all desks with closed legs, changing the width from 2" to 1.12".
- **Vivo Interiors:** Modified 3D symbols on the 42" high 90 degree 2-way connector cover FT123.
