

EAMES® TABLES

SS	WE	EA	MR	EQ	ID
Prerequisite 1 Credits 1–8					

Sustainable Sites

Not applicable

SS	WE	EA	MR	EQ	ID
Credits 1.1–3.2					

Water Efficiency

Not applicable

SS	WE	EA	MR	EQ	ID
Prerequisites 1–3 Credits 1–6					

Energy and Atmosphere

Not applicable

SS	WE	EA	MR	EQ	ID
Prerequisite 1 Credits 1.1–7					

Material and Resources

Credit 2.1	Construction Waste Management —Divert 50% <i>Returnable and recyclable packaging</i> —Eames table packing materials include recyclable corrugated cardboard and expanded polystyrene foam. The use of recyclable or returnable packaging can reduce the amount of landfill for the building project.	1 point
Credit 2.2	Construction Waste Management —Divert 75% <i>Returnable and recyclable packaging</i> —Eames table packing materials include recyclable corrugated cardboard and expanded polystyrene foam. The use of recyclable or returnable packaging can reduce the amount of landfill for the building project.	1 point
Credit 3.1	Materials Reuse —Specify 5% <i>Reuse</i> —Eames tables are designed for durability with a 12-year warranty and can be reused on many building projects. The modular construction also makes it easy to reconfigure Eames tables for reuse. LEED credits may be achieved when reusing or purchasing used materials on a project.	1 point
Credit 3.2	Materials Reuse —Specify 10% <i>Reuse</i> —Eames tables are designed for durability with a 12-year warranty and can be reused on many building projects. The modular construction also makes it easy to reconfigure Eames tables for reuse. LEED credits may be achieved when reusing or purchasing used materials on a project.	1 point
Credit 4.1	Recycled Content —Specify 10% (post-consumer + 1/2 pre-consumer recycled) Eames tables may contribute to this credit as a typical table contains 79% recycled content. Eames tables contain 21% post-consumer recycled content and 58% pre-consumer recycled content.	1 point
Credit 4.2	Recycled Content —Specify 20% (post-consumer + 1/2 pre-consumer recycled) Eames tables may contribute to this credit as a typical table contains 79% recycled content. Eames tables contain 21% post-consumer recycled content and 58% pre-consumer recycled content.	1 point
Credit 6	Rapidly Renewable Materials —Specify 2.5% Eames table tops can be specified with bamboo veneer, a rapidly renewable material, through Herman Miller Options®.	1 point
Credit 7	Certified Wood —Specify 50% of wood products to be FSC-certified Eames table tops can be specified with FSC-certified veneers through Herman Miller Options.	1 point
Note	The inclusion of furniture is optional for LEED NC. If furniture is included in the calculations, it must be included in all calculations for Materials and Resources Credits 3–7.	

EAMES® TABLES

SS	WE	EA	MR	EQ	ID
Prerequisites 1-2 Credits 1-8.2					

Indoor Environmental Quality

- Credit 8.1 **Daylight and Views**—Daylight for 75% of spaces
Furniture is not included in the scope of this credit.
- Credit 8.2 **Daylight and Views**—Views for 90% of spaces
Eames tables may contribute to this credit through the use of low furniture heights, allowing outdoor views to reach building occupants.
- Note The inclusion of furniture is optional for LEED NC.
- 1 point

SS	WE	EA	MR	EQ	ID
Credits 1.1-2					

Innovation and Design Process

- Credit 1.1-1.4 **Innovation in Design**
- LEED Innovation Credits can be achieved when a project exceeds the criteria by twice the base requirements of the credit or, in the case of multi-tiered credits, the next tier. Eames tables may contribute to the Recycled Content credit.
- Specifying systems furniture and seating that meets the requirement of LEED-CI EQ Credit 4.5 Low-Emitting Materials, Systems Furniture and Seating, may earn an innovation credit.
- Eames tables meet the requirements of both Option A (GREENGUARD® Certified) and Option C (BIFMA X7.1 – 2005, CIR dated 9/20/2006). GREENGUARD certificates are downloadable from www.greenguard.org
- 4 points
