Material and Resources

Credit 1.1-1.2 **Construction, Demolition, and Renovation Waste Management** 2 points

Envelop may contribute to this credit through the use of recyclable packaging. Envelop packing materials include corrugated cardboard, polyethylene bags, and expanded polystyrene foam. These materials are recyclable in many markets, which can reduce landfill disposal. Bulk packs also reduce the amount of packing material required.

Credit 2.1-2.5 **Optimize Use of Alternative Materials** 5 points

Reuse—Envelop is designed for durability with a 12-year warranty and can be reused on many building projects. The modular construction also makes it easy to reconfigure Envelop for reuse.
Recycled Content—Envelop may contribute to this credit as a typical desk contains 32% recycled content. Envelop contains 18% post-consumer recycled content and 14% pre-consumer recycled content.
Rapidly Renewable—Envelop desks can be specified with bamboo veneer, a rapidly renewable material, through Herman Miller Options®.
Certified Wood—Envelop desks can be specified with FSC-certified veneers through Herman Miller Options.

Credit 3 **Optimize Use of IAQ Compliant Products**
 Furniture is not included in the scope of this credit.

Credit 5.1-5.3 **Occupant Recycling** 3 points

Recyclable Packaging—Envelop packing materials include corrugated cardboard, polyethylene bags, and expanded polystyrene foam. These materials are recyclable in many markets, which can reduce landfill disposal.

Indoor Environmental Quality

Credit 8.1 **Daylight and Views**—Daylight for 50% of spaces 1 point
 Envelop may contribute to this credit through the use of low furniture heights, allowing daylight to reach building occupants.

Credit 8.2 **Daylight and Views**—Daylight for 75% of spaces 1 point
 Envelop may contribute to this credit through the use of low furniture heights, allowing daylight to reach building occupants.

Credit 8.3 **Daylight and Views**—Views for 45% of spaces 1 point
 Envelop may contribute to this credit through the use of low furniture heights, allowing outdoor views to reach building occupants.

Credit 8.4 **Daylight and Views**—Views for 90% of spaces 1 point
 Envelop may contribute to this credit through the use of low furniture heights, allowing outdoor views to reach building occupants.

Innovation in Operation, Upgrades, and Maintenance

Credit 1.1-1.4

Innovation in Operation and Upgrades

4 points

Specifying systems furniture and seating that meets the requirement of LEED-CI EQ Credit 4.5 Low-Emitting Materials, Systems Furniture and Seating, may earn an innovation credit.

Envelop meeting the requirements of both Option A (GREENGUARD® Certified) and Option C (BIFMA X7.1 – 2005, CIR dated 9/20/2006) is pending.

Product Restrictions: no wood finish options

GREENGUARD certificates are downloadable from www.greenguard.org
