

ETHOSPACE® NURSES' STATION

SS	WE	EA	MR	EQ	ID
Credits 1–3.3					

Sustainable Sites

Not applicable

SS	WE	EA	MR	EQ	ID
Credits 1.1–1.2					

Water Efficiency

Not applicable

SS	WE	EA	MR	EQ	ID
Prerequisite 1–3 Credits 1.1–4					

Energy and Atmosphere

Credit 1.1 **Optimize Energy Performance—Lighting Power** 3 points
 Herman Miller task lights use high-efficiency electronic ballasts and energy-efficient lamps that can help reduce the overall lighting power required for the project.

SS	WE	EA	MR	EQ	ID
Prerequisite 1 Credits 1.1–7					

Material and Resources

Credit 2.1 **Construction Waste Management—Divert 50% from landfill** 1 point
Returnable and Recyclable Packaging—Ethospace Nurses' Station packing materials include corrugated cardboard, molded pulp, and expanded polystyrene foam. These materials are recyclable in many markets, which can reduce landfill disposal.

Credit 2.2 **Construction Waste Management—Divert 75% from landfill** 1 point
Returnable and Recyclable Packaging—Ethospace Nurses' Station packing materials include corrugated cardboard, molded pulp, and expanded polystyrene foam. These materials are recyclable in many markets, which can reduce landfill disposal.

Credit 3.3 **Resource Reuse—30% furniture and furnishings** 1 point
Reuse—Ethospace Nurses' Station is designed for durability with a 12-year warranty and can be reused on many building projects. The frame-and-tile construction also makes it easy to reconfigure Ethospace Nurses' Station for reuse. LEED credits may be achieved when reusing or purchasing used materials on a project.

Credit 4.1 **Recycled Content—10% (post-consumer + 1/2 pre-consumer)** 1 point
 Ethospace Nurses' Station may contribute to this credit as a typical workstation contains 46% recycled content. Ethospace Nurses' Station contains 10% post-consumer recycled content and 36% pre-consumer recycled content.

Credit 4.2 **Recycled Content—20% (post-consumer + 1/2 pre-consumer)** 1 point
 Ethospace Nurses' Station may contribute to this credit as a typical workstation contains 46% recycled content. Ethospace Nurses' Station contains 10% post-consumer recycled content and 36% pre-consumer recycled content.

Credit 5.1 **Regional Materials—20% manufactured regionally** 1 point
 Ethospace Nurses' Station may contribute to this credit depending on the location of the project. Ethospace Nurses' Station is manufactured in Spring Lake, Michigan 49456.

Credit 6 **Rapidly Renewable Materials—Specify 5%** 1 point
 Ethospace Nurses' Station work surfaces can be specified with bamboo veneers, which are considered rapidly renewable materials, through Herman Miller Options®. Kira fabric, made from corn, can be used on tiles.

Credit 7 **Certified Wood—Specify 50% of wood products to be FSC-certified** 1 point
 Ethospace Nurses' Station work surfaces can be specified with FSC-certified veneers through Herman Miller Options.

ETHOSPACE® NURSES' STATION

SS	WE	EA	MR	EQ	ID
Prerequisite 1-2 Credits 1-8.3					

Indoor Environmental Quality

Credit 4.5	<p>Low-Emitting Materials—Systems furniture and seating Ethospace Nurses' Station meets the requirements of both Option A (GREENGUARD® Certified) and Option C (BIFMA X7.1 – 2005, CIR dated 9/20/2006). Product restrictions: no wood finish options GREENGUARD certificates are downloadable from www.greenguard.org</p>	1 point
Credit 8.1	<p>Daylight and Views—Daylight for 75% of spaces Ethospace Nurses' Station may contribute to this credit through the use of transparent materials and low furniture heights, allowing daylight to reach building occupants.</p>	1 point
Credit 8.2	<p>Daylight and Views—Daylight for 90% of spaces Ethospace Nurses' Station may contribute to this credit through the use of transparent materials and low furniture heights, allowing daylight to reach building occupants.</p>	1 point
Credit 8.3	<p>Daylight and Views—Views for 90% of seated spaces Ethospace Nurses' Station may contribute to this credit through the use of transparent materials and low furniture heights, allowing outdoor views to reach building occupants.</p>	1 point

SS	WE	EA	MR	EQ	ID
Credits 1.1-2					

Innovation and Design Process

Credit 1.1-1.4	<p>Innovation in Design LEED Innovation Credits can be achieved when a project exceeds the criteria by twice the base requirements of the credit or, in the case of multi-tiered credits, the next tier.</p>	4 points
