SS	WE	EA	MR	EQ	ID										
Prerequisite 1-3 Credits 1-6															
<table border="1"> <tr> <td>SS</td> <td>WE</td> <td>EA</td> <td>MR</td> <td>EQ</td> <td>ID</td> </tr> <tr> <td colspan="6">Prerequisite 1 Credits 1.1-7</td> </tr> </table>	SS	WE	EA	MR	EQ	ID	Prerequisite 1 Credits 1.1-7						<h3>Material and Resources</h3>	<p>Credit 2.1 Construction Waste Management—Divert 50% Returnable and Recyclable Packaging—Ethospace Nurses' Station packing materials include corrugated cardboard, molded pulp, and expanded polystyrene foam. These materials are recyclable in many markets, which can reduce landfill disposal. 1 point</p> <p>Credit 2.2 Construction Waste Management—Divert 75% Returnable and Recyclable Packaging—Ethospace Nurses' Station packing materials include corrugated cardboard, molded pulp, and expanded polystyrene foam. These materials are recyclable in many markets, which can reduce landfill disposal. 1 point</p> <p>Credit 3.1 Materials Reuse—Specify 5% Reuse—Ethospace Nurses' Station is designed for durability with a 12-year warranty and can be reused on many building projects. The frame and tile construction also makes it easy to reconfigure Ethospace Nurses' Station for reuse. LEED credits may be achieved when reusing or purchasing used materials on a project. 1 point</p> <p>Credit 3.2 Materials Reuse—Specify 10% Reuse—Ethospace Nurses' Station is designed for durability with a 12-year warranty and can be reused on many building projects. The frame and tile construction also makes it easy to reconfigure Ethospace Nurses Station for reuse. LEED credits may be achieved when reusing or purchasing used materials on a project. 1 point</p> <p>Credit 4.1 Recycled Content—Specify 10% (post-consumer + 1/2 pre-consumer recycled) Ethospace Nurses' Station system may contribute to this credit as a typical workstation contains 46% recycled content. Ethospace Nurses' Station contains 10% post-consumer recycled content and 36% pre-consumer recycled content. 1 point</p> <p>Credit 4.2 Recycled Content—Specify 20% (post-consumer + 1/2 pre-consumer recycled) Ethospace Nurses' Station system may contribute to this credit as a typical workstation contains 46% recycled content. Ethospace Nurses' Station contains 10% post-consumer recycled content and 36% pre-consumer recycled content. 1 point</p> <p>Credit 6 Rapidly Renewable Materials—Specify 2.5% Bamboo veneers, which are considered rapidly renewable materials, can be specified in lieu of wood veneers through Herman Miller Options®. Kira fabric, made from corn, can be used on tiles. 1 point</p>	
SS	WE	EA	MR	EQ	ID										
Prerequisite 1 Credits 1.1-7															

ETHOSPACE® NURSES’ STATION

SS	WE	EA	MR	EQ	ID
Prerequisite 1 Credits 1.1–7					

Material and Resources continued

- Credit 7 **Certified Wood**—Specify 50% of wood products to be FSC-certified
Ethospace Nurses’ Station work surfaces can be specified with FSC-certified veneers through Herman Miller Options. 1 point
- Note The inclusion of furniture is optional for LEED NC. If furniture is included in the calculations, it must be included in all calculations for Materials and Resources Credits 3–7. 1 point

SS	WE	EA	MR	EQ	ID
Prerequisite 1–2 Credits 1–8.2					

Indoor Environmental Quality

- Credit 6.1 **Controllability of Systems**—Lighting
Task lighting can contribute to this credit. 1 point
- Credit 8.1 **Daylight and Views**—Daylight for 75% of spaces
Ethospace Nurses’ Station may contribute to this credit through the use of transparent materials and low furniture heights, allowing daylight to reach building occupants. 1 point
- Credit 8.2 **Daylight and Views**—Views for 90% of spaces
Ethospace Nurses’ Station may contribute to this credit through the use of transparent materials and low furniture heights, allowing outdoor views to reach building occupants. 1 point
- Note The inclusion of furniture is optional for LEED NC.

SS	WE	EA	MR	EQ	ID
Credits 1.1–2					

Innovation and Design Process

- Credit 1.1-1.4 **Innovation in Design** 4 points
LEED Innovation Credits can be achieved when a project exceeds the criteria by twice the base requirements of the credit or, in the case of multi-tiered credits, the next tier.
Specifying systems furniture and seating that meets the requirement of LEED-CI EQ Credit 4.5 Low-Emitting Materials, Systems Furniture and Seating, may earn an innovation credit.
Ethospace Nurses’ Station meets the requirements of both Option A (GREENGUARD Certified) and Option C (BIFMA X7.1 – 2005, CIR dated 9/20/2006).
Product restrictions: no wood finish options
GREENGUARD certificates are downloadable from www.greenguard.org
