With you from the start.
Ready for what's next.
Why Herman Miller

Herman Miller has always been about people—our colleagues, our neighbors, our customers, and our partners. For the past century, a drive to harness the power of design to help people live and work better has defined our mission. Today, Herman Miller lends our name to a family of leading design brands, united in our pursuit of that mission. This translates into value to you and your organization in the following ways:

We Create Timeless Solutions for Fundamental Problems
We've earned our reputation as a design leader through our relentless drive to solve problems for people at home and work. From our early collaborations with George Nelson and Charles and Ray Eames to the growing family of brands that comprise Herman Miller Group today, we partner with leading designers whose unique perspectives fuel our innovation.

We Share Knowledge You Can Use
By taking our human-centered insights and applying them to our customers' unique issues and goals, we help create solutions that deliver real results to people and organizations. Our innovative solutions address the evolving and emerging needs of the Government sector, solving for today and preparing for tomorrow.

We Make Products You Can Trust
With Herman Miller, you're not just buying a product, you're investing in a relationship. Our commitment to you doesn't end when the product leaves the factory. Delivery, service, warranty, and timeless style are all part of the deal. We know resources are precious, so we help ensure that they are spent wisely and deliver value for years to come.

We Are a Reliable Partner
Herman Miller understands the needs of the Government sector. As the first office furniture manufacturer awarded a GSA schedule in 1975, we've been serving the Federal Government for over 40 years. We leverage that experience to anticipate needs and deliver solutions seamlessly anywhere the Government is operating.

We Live by Our Values
We believe we have a responsibility to improve our world through thoughtful design, sustainable manufacturing, and an inclusive culture that nurtures diversity, creativity, and discovery. In this spirit, we continually refresh, recalibrate, and refocus our business on things that matter, always putting people—current and future generations—at the center.
U.S. Manufacturing Facilities

Herman Miller is an American company with headquarters in Zeeland, Michigan. More than 70 percent of what goes into our products comes from domestic sources. We have manufacturing facilities in the following U.S. cities:

- Holland, MI
- Spring Lake, MI
- Zeeland, MI
- Sheboygan, WI
- Hickory, NC
- Atlanta, GA
Showrooms

To provide customers with an extensive Herman Miller experience, we have showrooms in key cities across the country.

- Holland, MI
- Los Angeles, CA
- San Francisco, CA
- Washington, DC
- Atlanta, GA
- Chicago, IL
- New York, NY
- Dallas, TX
Dealers

Work with Herman Miller and you’ll work with a global network of dealers who understand the complexities of government procurement and have been trained to handle government projects.

And having a global dealer network ensures there is support for U.S. government installations worldwide.

Find a Dealer »
Herman Miller is known for innovative design. We introduced the open office, the first ergonomic work chair, and many of the most iconic products in the business.

Most important, we use what we know to anticipate what’s next. We continue our legacy of turning research-based insights into solutions that solve problems people really care about. And we translate those solutions into workplaces that help people reach their goals so their organizations can achieve theirs.

Action Office® System

Supports both individual and collaborative work.
Quick and easy to install and reconfigure.
Exceeds industry requirements for strength and durability.

Action Office System Product Page »
Canvas Office Landscape®

Wide but cohesive array of choices.
Create complete, unified landscapes that are flexible, beautiful, and scalable.
Support individuals working alone and varying numbers of people working together.
Efficient kit of parts supports many applications:

- Private offices
- Workstations
- Group and community spaces
Canvas Channel™

Canvas Channel is a streamlined, freestanding structure with intuitive access to power and data. It provides simple, linear boundaries for individual workstations or group settings—and utilizes height-adjustable desks and freestanding storage with ease. Multiple material options provide harmony with the rest of Canvas Office Landscape.
Canvas Dock

Canvas Dock is the foundation for desks, storage, surfaces, and screens. As workplace needs evolve for organizations—influxes of employees, changing priorities—Canvas Dock keeps up by allowing additions and removals with ease. Mix and match materials based on your aesthetic and establish design consistency with the rest of your office.

Canvas Dock Product Page »
Canvas Metal Desk

Canvas Metal Desk delivers a durable design that works both in an open plan or a private office. It gives organizations the opportunity to adapt as their needs and the people within it change.

Canvas Metal Desk Product Page »
Canvas Private Office

Canvas Private Office creates inclusive, enclosed workspaces that give people the space and tools to get work done, whether that’s a quiet place away from the buzz or a brainstorming workshop. Private Office can flex to suit any culture, from traditional to progressive, with materials that harmonize with the rest of Canvas Office Landscape.

Canvas Private Office Product Page »
Canvas Vista™

Canvas Vista is a system of desks with a clever design that trims the size of workstations, freeing up space for more people or diverse settings. By using every square inch smartly, it provides compression without compromise.
Canvas Wall

Canvas Wall is an elegant space divider and power and data distributor. A variety of wall dividers keep things open or give privacy. Multiple material options allow organizations to reveal their character—all while harmonizing with the rest of the Canvas Office Landscape.

Canvas Wall Product Page >>
**Ethospace® System**

The original frame-and-tile system. Dozens of tile options for design flexibility. Steel frames provide incomparable capacity for power and data and support hang-on storage and work surfaces. Superior adaptability allows long-term use even when workstyles evolve.

[Ethospace Product Page >>](#)
Layout Studio®

Conceived with the person in mind and based on the belief that place can help people do more, Layout Studio is a light-scaled solution that is available around the world. The highly flexible design can be easily modified to support the ever-evolving needs of individuals and groups.

Broad applications range:

- Desking
- 120-degree solutions
- Meeting spaces

Layout Studio Product Page »
Motia® Sit-to-Stand Tables

In an ongoing effort to promote wellness in the workplace, the Motia Sit-to-Stand Table puts people and workplaces in motion. Moving with workers and their workflow, Motia enables a smooth transition between sitting and standing. Designed with quality, minimal materials, and available in various finishes, Motia makes height adjustability easy to afford, easy to use, and easy to integrate—in any setting.

Motia Sit-to-Stand Tables Product Page >>
**Nevi™ Sit-to-Stand Tables**

We think people should be able to sit—and stand—comfortably. With the efficiently designed Nevi, you don’t have to choose between getting desks or ergonomic office chairs or accessories—you can have it all. Nevi encourages regular movement between postures for better energy and productivity, and is available in refined, timeless finishes that harmonize with the entire Herman Miller portfolio.

**Benefits:**

- Encourages movement between sitting and standing postures.
- Efficiently designed so you can acquire a sit-to-stand table and everything else you need.
- Finishes pair well with other products.

*Nevi Sit-to-Stand Tables Product Page >>*
Nevi™ Link

Fit more people into your office without sacrificing their comfort with Nevi Link. This system of sit-to-stand desks encourages regular movement and condenses your real estate footprint through a streamlined design. It’s how we’re helping you create an active and efficient office and a healthy bottom line.

Scale Nevi Link to any application with multiple configurations and options for cable management. Nevi’s efficient design means you have more to invest in the spaces and tools people need to thrive—collaborative settings with a residential vibe, multi-functional conference rooms, or more standing desk systems.

Nevi Link Product Page >>
Pari™ Screens

Pari is a family of screens. Some versions are freestanding, others attach to surfaces or frames, all are tackable and share a frameless, thin profile. Their consistent details and complementary colors contribute to aesthetic continuity as they delineate space and provide privacy. Compatible with many Herman Miller products, Pari Screens work in settings across the office landscape. With Pari Screens, organizations can compress workstations and standardize on lower wall heights without sacrificing the privacy employees need so they can focus, or the boundary that creates personal space so they feel comfortable.

Pari Screens Product Page >>
Public Office Landscape®

Creates office "flow" where people are engaged, focused, and free to move between conversations and tasks.

Helps individuals work better together.

Modular kit of parts allows for ease of reconfiguration.

Lets people work how and where they want:

- Casual group areas
- Corridors are turned into usable space
- Individual spaces support sharing and interaction, or productivity and privacy

Public Office Landscape Product Page ➞
Renew™ Sit-to-Stand Tables

No matter how supportive your chair is, too much sitting is bad for your health. So when your body is ready to move, the Renew sit-to-stand table follows your lead. Raising or lowering the surface feels as natural as swiveling in your chair. Alternating between sitting and standing will become second nature, and adding healthy movement to your day will become your first choice.

Renew Sit-to-Stand Tables Product Page >>
Renew™ Link

Renew Link delivers everything organizations like about benching systems (specifically, their high density), while addressing many of the things workers would like to change about them (low privacy and high distraction). And by accommodating both sitting and standing working postures, it brings a new level of individual choice to shared work environments.

Aeron® Chairs

When Aeron debuted in 1994 it was a chair unlike any the world had ever seen. It didn’t just change how people sat, but what they thought a chair could be. But a lot has changed since then, so it made sense that Aeron should change too.

So how did we improve one of the most iconic and beloved chairs in the world? We recruited co-designer Don Chadwick to reexamine the design criteria that led him and Bill Stumpf to Aeron in the context of today’s work and technology. With stronger, smarter materials, better adjustment capabilities, new finish options, and a healthier, more comfortable sit, we didn’t recreate or redesign the Aeron Chair—we remastered it.

Aeron Chairs Product Page >>
Aeron Chairs

1 8Z Pellicle
8Z Pellicle offers unprecedented comfort through eight varied zones of tension in the seat and back.

2 PostureFit SL™
The PostureFit SL supports the sacral region to nurture the natural S-shape of the spine, supports the pelvis, and activates healthful posture. A secondary pad supports to the lumbar region.

3 Harmonic™ 2 Tilt
The tilt moves with you naturally, allowing you to shift from forward to reclining postures intuitively and smoothly, and always at an optimal balance point.

4 Three Sizes
Aeron comes in three sizes to ensure a better fit.
Caper® Stacking Chairs

Caper is a family of nimble, stylish chairs and stools that move easily and brighten up a room with their color and flair.

Designed to be portable, Caper stackable chairs can be stacked six-high on the floor or 15-high on the Caper Cart and then moved easily as a group. Caper stackable stools can be stacked up to five-high on the floor.

Caper Stacking Chairs Product Page >>
Celle® Chairs

The Celle chair evolved from a vision for a highly engineered, “intelligent” surface that could provide superior comfort and support. The result is Celle’s exclusive Cellular Suspension™. Its cells and connecting loops are engineered to provide the perfect flex map for supporting your body. They form and reform with your movements, while letting air flow through to keep you comfortable.

Celle Chairs Product Page »
Celle Chairs

1 **Harmonic™ 2 Tilt**
   The tilt enables natural, balanced movement through a range of postures.

2 **Cellular Suspension**
   Interconnecting loops form a “flex map” that conforms to your unique shape while you move (available in the seat and back).

3 **PostureFit®**
   PostureFit supports your spine at its lowest point, the sacrum, and reinforces your pelvis, preventing slouching and fatigue while you sit.

4 **Optional Height-Adjustable Lumbar Support**
   The height-adjustable lumbar support provides an added level of spinal support and comfort for the lumbar region.

5 **Contoured Seat Pad**
   The seat pad incorporates a blend of injection molding and foam to provide seamless, long-term comfort for people of all shapes and sizes.
Cosm® Chairs

Sit in Cosm, and you just might forget you’re sitting in a chair at all. Designed by Studio 7.5, Cosm’s sophisticated ergonomic design instantly responds to your body, movement, and posture to provide natural balance and total support. No matter who sat in the chair before you, how long you’ll be in it, or what you’ll be doing, Cosm gives you a new experience of comfort—anywhere you work.
Cosm Chairs

1 Auto-Harmonic™ Tilt
The tilt instantly and automatically provides balanced support and movement, depending on your body and posture.

2 Intercept Suspension
Breathable and temperature-neutral, the continuous form of this elastomeric suspension eliminates the gap between the seat and back, conforming to each person’s body to provide dynamic spinal support.

3 Flexible Frame
The thin but strong frame feels nearly non-existent and offers support while flexing so you can comfortably move your upper body.

4 Dipped-in-Color
Cosm is available in one hue from top to bottom to further cement the unity of the design and the sculptural quality of the chair.

5 Leaf Arms
Leaf Arms provide a large, comfortable resting place for your elbows.

6 Additional Arm Options
Cosm is also available with height-adjustable arms, fixed arms, or without arms.
Embody® Chairs

Embody began when Jeff Weber and Bill Stumpf saw an unsolved problem: the lack of physical harmony between us and our technology. They came up with a radical idea: design an agile, health-positive chair that benefits both body and mind. The result is Embody. Its design features have been shown in clinical tests to lower heart rates and stimulate blood and oxygen flow. That, in turn, helps people stay focused and alert.
Embody Chairs

1 Tilt + Kicker
   Embody’s tilt provides natural, balanced motion through a range of posture changes. Its additional “kicker” feature provides an extended recline for stretching.

2 PostureFit®
   PostureFit supports your spine at its lowest point, the sacrum, and reinforces your pelvis, preventing slouching and fatigue while you sit.

3 Pixelated Support™
   A highly engineered matrix of pixels provides targeted pressure distribution throughout the seat and back (for optimal weight distribution, blood flow, and thermal comfort).

4 Backfit™ Adjustment
   Tunable central spine and flexible ribs align the chair’s backrest with your back’s natural curve to uniquely support each region of your spine.

5 Narrow Upper Back Design
   The narrow design at the top of the chair encourages torso movement and allows for arms to swing freely, increasing airflow into the lungs.

6 Seat Layers
   A combination of supportive layers in Embody’s seat work together to reduce seated pressure and allow for airflow, keeping you cool and comfortable as you sit.
Keyn Chair Group

The Keyn Chair Group is a range of meeting and side chairs that offer responsive movement and immediate comfort for collaborative spaces, whilst complementing the Herman Miller task chair portfolio. Keyn’s unique CradleFlex movement enables the user to adopt a wider range of postures, opening the torso for improved comfort in collaborative environments. The three base options support a common, one-piece seat and shell. An extensive CMF offer and three pad variants enables the chair to reflect the true personality of a business or individual user.

Keyn Chair Group Product Page >>
**Keyn Chair Group**

1. **Patented Recline Mechanism**
   The patented recline mechanism lets people recline up to 10 degrees.

2. **Perforated Pattern**
   The perforated pattern adds aeration and textural depth.

3. **Fully Upholstered Version**
   The fully upholstered version offers additional comfort and creates an opportunity for an optional color accent to show through.

4. **Return-to-Center Swivel Base**
   This option (available on four-star base only) ensures that meeting spaces always look great, even when they aren’t in use.

5. **Five-Star Base with Casters**
   This option is ideal for working at a desk, collaborating with colleagues, or sitting comfortably in a meeting.

6. **Stackable**
   Four-leg chairs can be easily stacked up to four high and stowed when not in use.
Lino™ Chairs

Lino lives at the nexus of comfort and value. Charged with designing a high-performance work chair at an exceptional value, award-winning designers Sam Hecht and Kim Colin found inspiration in constraint. Thanks to their design prowess and Herman Miller’s ergonomic expertise—including our patented PostureFit™ technology—Lino joins our portfolio of high-performance work chairs.

Lino Chairs Product Page >>
### Lino Chairs

1. **High-Performance Suspension**
   - Features integrated lumbar support and comfortable aeration. It’s available in six colors.

2. **PostureFit**
   - Achieved when the optional, adjustable back support is added to the chair—offering additional sacral and lumbar support.

3. **Arm Options**
   - Available with no arms, fixed arms, height-adjustable arms, or fully adjustable arms. The arms were carefully considered, smartly mimicking yours: wider at the elbow and slimmer at the wrist.

4. **Seat**
   - Its contoured seat works together with its high-performance suspension to give you total spinal support, whether you’re sitting still or moving around.

5. **Seat Depth Adjustability (Work Chair Only)**
   - Available with seat depth control to accommodate people of various heights.

6. **CMF Range**
   - Comes in a Black or Mineral frame, six suspension options, and a variety of upholstery options with dozens of fabrics available for the seat.
Mirra® 2 Chairs

Together in motion
As work evolves, and we become more active, flexing from individual to collaborative work in an instant, Mirra 2 moves as you do, at one with your body. When you sit, Mirra 2 adapts to you instantly. Shift and it dynamically supports even your slightest movements. By rethinking every part of a successful design, we made Mirra 2 leaner, lighter, and so responsive it supports you wherever you go. Mirra 2 advances how you sit.

Mirra 2 Chairs Product Page »
Mirra 2 Chairs

1 Harmonic™ 2 Tilt
   The tilt enables natural, balanced movement through a range
   of postures.

2 Butterfly Back™
   The Butterfly back combines the comfort of upholstery with
   the strength of polymer to provide pressure distribution from
   sacrum to the upper thoracic regions of the spine.

3 TriFlex Back™
   The size, shape, and pattern of the holes in the TriFlex back
   create zones of support that allow healthy seated movement.
   The TriFlex back also meets rigorous cleaning protocols.

4 PostureFit®
   PostureFit supports your spine at its lowest point, the
   sacrum, and reinforces your pelvis, preventing slouching and
   fatigue while you sit.

5 Optional Height-Adjustable Lumbar Support
   The height-adjustable lumbar support provides an added
   level of spinal support and comfort for the lumbar region.

6 AireWeave™ Seat Suspension
   The seat suspension conforms to your shape, distributes your
   weight evenly, and keeps heat from building up as you sit.
Plex® Lounge Furniture

Plex Lounge Furniture is ideal for organizations that want to give people more options for working across the entire office landscape, while also keeping them comfortable and supported. Each element of this modular system can be used alone or combined in settings where people can focus on individual work, brainstorm with a group, or socialize with colleagues. From armchairs and sofas to ottomans, benches, and tables, the Plex family of modular furniture gives people supportive comfort for work in a variety of settings. A design that uses just a few parts to form many seating combinations, Plex has the ability to adapt as needs change.

Plex Lounge Furniture Product Page >>
People at their best live unframed, going beyond expectations to surprise and delight us. With Sayl, we set out to design and build a chair that gives form to that spirit, making a chair that is as affordable as it is inventive. Inspired by the principles of suspension bridges, the frameless back of the Sayl work chair encourages a full range of movement while the suspension back material keeps you cool.

Sayl® Chairs Product Page >>
Sayl Chairs

1 **Harmonic™ Tilt**
Sayl's Harmonic Tilt enables natural, balanced movement through a range of postures.

2 **3D Intelligent® Suspension**
Sayl's unframed 3D Intelligent back (available in midback) supports key regions of your back as you stretch and move.

3 **PostureFit**
PostureFit supports your spine at its lowest point, the sacrum, and reinforces your pelvis, preventing slouching and fatigue while you sit.

4 **Optional Height-Adjustable Lumbar Support**
The optional height-adjustable lumbar support provides an added level of spinal support and comfort for your lumbar region.

5 **Contoured Seat Pad**
The contoured seat pad incorporates a blend of injection molding and foam to provide seamless long-term comfort for people of all shapes and sizes.
Setu® Chairs

Technology has changed how and where we work. Now we work anywhere and everywhere. No matter where we work, we want a comfortable chair.

Setu’s innovative Kinematic Spine™ bends and flexes to your every move. The Setu family of chairs is designed to fit virtually all spaces and places.

Setu Chairs Product Page >>
Swoop™ Lounge Furniture

Swoop in and connect with others. Sit, sprawl, lie down. Throw your leg over a chair arm while you work, talk, or just relax. Traditional lounge furniture inhibits movement. Swoop encourages it. A modular system that lets you position a table or ottoman here or there, wherever it works best at the moment, Swoop takes the edge off lounge furniture.

Swoop Lounge Furniture Product Page >>
Verus® Chairs

Verus redefines what an affordable work chair can be. Efficiently designed and engineered to assure ergonomic alignment and support, it gives people both short-term and long-term comfort at an equally comfortable price.

Verus Chairs Product Page >>
Verus Chairs

1. Verus Side Chairs are available with the option for a suspension or upholstered back.

2. Verus Side Chairs are stackable up to four high.

3. The Triflex™ back option has engineered flex patterning that defines three ergonomic zones and responds to your movement.

4. A contoured seat pad incorporates a blend of injection molding and foam for seamless long-term comfort.

5. With built-in sacral reinforcement and options for adjustable lumbar support, Verus strengthens employee wellness through engineered design.

6. Fully Synchronized Tilt provides balanced motion through a range of posture changes.

7. Verus Plus Chair supports up to 500 pounds and has an extended width to be Inclusive of all body types.

8. With an engineered composite seat, durable frame, and backed by Herman Miller’s 12-year, 3-shift warranty, Verus Plus Chairs are designed for rigorous use in healthcare environments.
