Setu® Chair
Care and Maintenance

With regular care and maintenance, your Herman Miller Setu Chair will provide many years of superior performance and satisfaction. To maintain the quality of your Herman Miller product, please follow the cleaning procedures outlined here.

Base, Frame, Kinematic Spine™, and Arms
Normal Cleaning
Wash surface with a soft cloth soaked in mild detergent and warm water.

Rinse thoroughly and dry with a soft cloth.

_Do not use solvents or abrasive kitchen cleaners._

Lyris 2™ Suspension Material
Normal Cleaning
Vacuum fabric as needed using an upholstery attachment.

Vacuuming picks up dust and reduces the need for professional cleaning.

_Do not brush fabric or use a vacuum attachment with a rotary brush._

_Brushing may permanently damage the nap or change the character of the fabric._

_Do not apply water or any liquid solution._

_Wetting the fabric with any liquid solution may result in permanent damage._

The instructions for the care and maintenance of Herman Miller Products are provided to you as a service. No warranty is implied since results may vary.
Spot Cleaning
Immediately wipe up the stain with a soft absorbent cloth.

Do not dry the stain completely or it may set.

The longer a stain is allowed to remain on a fabric, the more difficult it is to remove.

Water-based Stains such as coffee, soft drinks, fruit juices, or milk
Use a water-based cleaner (specifically made for cleaning fabric) or a solution of mild (alkaline) warm soapy water (not overly soapy) applied with a damp clean cloth or sponge.

Work the cleaner into a lather or foam.

Soak up all remaining solution and then use a clean cloth or sponge dipped in cool water to remove any residue.

Never use hot water; it will set the stain. Avoid scrubbing.

Oil-based Stains such as lipstick, grease, or salad dressing
Use a dry cleaning solution applied with a damp clean cloth or sponge.

Test the cleaning solution on a small, concealed area first.

If there is no spotting, ringing, or damage to the fabric or its dyes, apply the cleaning solution to the soiled area with light, quick strokes.

Begin at the outside of the stain and work toward the center, being careful not to over-saturate the fabric.

K2R is also a product that can be used. See product label for complete instructions.

Do not over apply water or any liquid solution to fabric.

Excessive wetting of the fabric with any liquid solution may result in permanent damage to the material.

Do not rub too vigorously or you may damage the nap of the fabric or break fibers.

Several light applications are better than one heavy application.

Soak up all remaining solution and then use another clean cloth or sponge dipped in cool water to remove any residue.

Let fabric dry thoroughly and then vacuum well before using.

If the stain resists cleaning, contact a professional cleaner.

Large Areas
If large areas are soiled, contact a professional cleaning firm.

Seating Fabrics
Normal Cleaning
Vacuum fabric as needed, using an upholstery attachment.

Do not brush fabric or use a vacuum attachment with a rotary brush.

Brushing may permanently damage the nap or change the character of the fabric.

Do not apply water or any liquid solution.

Wetting the fabric with any liquid solution may result in permanent damage.

If further cleaning is needed, dry-clean or spot clean fabric with solvent cleaner.

Large Areas
If large areas are soiled, contact a professional cleaning firm.
