A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective June 2, 2025, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest 1/8". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Boa Table, Rectangle, Seated Height

BQ1AS BQ1AT

Product Information

Description

This rectangular seated-height table comes in a squared- or thin-edge style and offers a laminate top with thermoplastic edge, laminate top with universal edge, or veneer top with veneer edge. Table may be specified with cutouts to accommodate specific Herman Miller power options, ordered separately. Table comes with 1/2" leveling glides. Shipped knocked down.

Notes

Laminate tops 84" to 120" wide have 1-piece construction.

Laminate tops 132" to 168" wide have 2-piece construction.

Veneer tops 84" to 96" wide have 1-piece construction.

Veneer tops 108" to 168" wide have 2-piece construction.

All tables are supported by 4 column legs inset from the edge. See planning guide for leg placement and clearances.

Cutout will be in the center when specifying 1 cutout (A) in tables 84" to 96" wide.

When specifying cutouts (A, B) in tables 108" wide to 168" wide, cutouts can be located on the left (L), the right (R), or the left and right side(s) of the table. No center cutouts available.

Laminate and veneer tops are 1 1/4" thick.

Integrated technology cutouts are sized for Logic G1000 grommet mounted power access solutions and the Headway™ technology bucket (DP5B.). See planning guide for specific units that fit in the table.

Order the following compatible power components separately:

- Tech bucket (DP5B.)
- Logic G1000 grommet mounted electrical distributor (Y1425.)

See planning guide for additional information.

Boa Table, Rectangle, Standing Height

BQ1CS
BQ1CT

Product Information

Description

This rectangular standing-height table comes in a squared- or thin-edge style and offers a laminate top with thermoplastic edge, laminate top with universal edge, or veneer top with veneer edge. Table may be specified with cutouts to accommodate specific Herman Miller power options, ordered separately. Table comes with 1/2" leveling glides. Shipped knocked down.

Notes

Laminate tops 84" to 108" wide have 1-piece construction.

Veneer tops 84" to 96" wide have 1-piece construction.

Veneer tops 108" wide have 2-piece construction.

All tables are supported by 4 column legs inset from the edge. See planning guide for leg placement and clearances.

Cutout will be in the center when specifying 1 cutout (A) in tables 84" to 96" wide.

When specifying cutouts (A, B) in tables 108" wide, cutouts can be located on the left (L), the right (R), or the left and right side(s) of the table. No center cutouts available.

Laminate and veneer tops are 1 1/4" thick.

Integrated technology cutouts are sized for Logic G1000 grommet mounted power access solutions and the Headway™ technology bucket (DP5B.). See planning guide for specific units that fit in the table.

Order the following compatible power components separately:

- Tech bucket (DP5B.)
- Logic G1000 grommet mounted electrical distributor (Y1425.)

See planning guide for additional information.

Product Information

Description

This oval seated-height table comes in a squared- or thin-edge style with rounded corners and offers a laminate top with thermoplastic edge, or veneer top with veneer edge. Table may be specified with cutouts to accommodate specific Herman Miller power options, ordered separately. Table comes with 1/2" leveling glides. Shipped knocked down.

Notes

Laminate tops 84" to 108" wide have 1-piece construction.

Veneer tops 84" to 96" wide have 1-piece construction.

Veneer tops 108" wide have 2-piece construction.

All tables are supported by 4 column legs inset from the edge. See planning guide for leg placement and clearances.

Cutout will be in the center when specifying 1 cutout (A) in tables 84" to 96" wide.

When specifying cutouts (A, B) in tables 108" wide, cutouts can be located on the left (L), the right (R), or the left and right side(s) of the table. No center cutouts available.

Laminate and veneer tops are 1 1/4" thick.

Integrated technology cutouts are sized for Logic G1000 grommet mounted power access solutions and the Headway™ technology bucket (DP5B.). See planning guide for specific units that fit in the table.

Order the following compatible power components separately:

- Tech bucket (DP5B.)
- Logic G1000 grommet mounted electrical distributor (Y1425.)

See planning guide for additional information.

Product Information

Description

This oval counter-height table comes in a squared- or thin-edge style with rounded corners and offers a laminate top with thermoplastic edge, or veneer top with veneer edge. Table may be specified with cutouts to accommodate specific Herman Miller power options, ordered separately. Table comes with $\frac{1}{2}$ " leveling glides. Shipped knocked down.

Notes

Laminate tops 84" to 108" wide have 1-piece construction.

Veneer tops 84" to 96" wide have 1-piece construction.

Veneer tops 108" wide have 2-piece construction.

All tables are supported by 4 column legs inset from the edge. See planning guide for leg placement and clearances.

Cutout will be in the center when specifying 1 cutout (A) in tables 84" to 96" wide.

When specifying cutouts (A, B) in tables 108" wide, cutouts can be located on the left (L), the right (R), or the left and right side(s) of the table. No center cutouts available.

Laminate and veneer tops are $1\frac{1}{4}$ " thick.

Integrated technology cutouts are sized for Logic G1000 grommet mounted power access solutions and the Headway™ technology bucket (DP5B.). See planning guide for specific units that fit in the table.

Order the following compatible power components separately:

- Tech bucket (DP5B.)
- Logic G1000 grommet mounted electrical distributor (Y1425.)

Boa Table, Oval, Standing Height

BQ2CS
BQ2CT

Product Information

Description

This oval standing-height table comes in a squared- or thin-edge style with rounded corners and offers a laminate top with thermoplastic edge, or veneer top with veneer edge. Table may be specified with cutouts to accommodate specific Herman Miller power options, ordered separately. Table comes with 1/2" leveling glides. Shipped knocked down.

Notes

- Laminate tops 84" to 108" wide have 1-piece construction.
- Veneer tops 84" to 96" wide have 1-piece construction.
- Veneer tops 108" wide have 2-piece construction.
- All tables are supported by 4 column legs inset from the edge. See planning guide for leg placement and clearances.
- Cutout will be in the center when specifying 1 cutout (A) in tables 84" to 96" wide.
- When specifying cutouts (A, B) in tables 108" wide, cutouts can be located on the left (L), the right (R), or the left and right side(s) of the table. No center cutouts available.
- Laminate and veneer tops are 1 1/4" thick.
- Integrated technology cutouts are sized for Logic G1000 grommet mounted power access solutions and the Headway™ technology bucket (DP5B.). See planning guide for specific units that fit in the table.
- Order the following compatible power components separately:
- Tech bucket (DP5B.)
 - Logic G1000 grommet mounted electrical distributor (Y1425.)
- See planning guide for additional information.

Product Information

Description

This boat-shaped seated-height table comes in a squared- or thin-edge style and offers a laminate top with thermoplastic edge, or veneer top with veneer edge. Table may be specified with cutouts to accommodate specific Herman Miller power options, ordered separately. Table comes with $\frac{1}{2}$ " leveling glides. Shipped knocked down.

Notes

Laminate and veneer tops have 2-piece construction.

All tables are supported by 4 column legs inset from the edge. See planning guide for leg placement and clearances.

When specifying cutouts (A, B) in tables 120" to 168" wide, cutouts can be located on the left (L), the right (R), or the left and right side(s) of the table.

No center cutouts available.

Laminate and veneer tops are $1\frac{1}{4}$ " thick.

Integrated technology cutouts are sized for Logic G1000 grommet mounted power access solutions and the Headway™ technology bucket (DP5B.). See planning guide for specific units that fit in the table.

Order the following compatible power components separately:

- Tech bucket (DP5B.)
- Logic G1000 grommet mounted electrical distributor (Y1425.)

See planning guide for additional information.

Boa Table, Teardrop, Counter Height

BQ4BS BQ4BT

Product Information

Description

This teardrop-shaped counter-height table comes in a squared- or thin-edge style and offers a laminate top with thermoplastic edge, or veneer top with veneer edge. Table may be specified with cutouts to accommodate specific Herman Miller power options, ordered separately. Table comes with 1/2" leveling glides. Shipped knocked down.

Notes

Laminate tops 84" to 108" wide have 1-piece construction.

Veneer tops 84" to 96" wide have 1-piece construction.

Veneer tops 108" wide have 2-piece construction.

All tables are supported by 4 column legs inset from the edge. See planning guide for leg placement and clearances.

Cutout will be in the center when specifying 1 cutout (A) in tables 84" to 96" wide.

When specifying cutouts (A, B) in tables 108" wide, cutouts can be located on the left (L), the right (R), or the left and right side(s) of the table. No center cutouts available.

Laminate and veneer tops are 1 1/4" thick.

Integrated technology cutouts are sized for Logic G1000 grommet mounted power access solutions and the Headway™ technology bucket (DP5B.). See planning guide for specific units that fit in the table.

Order the following compatible power components separately:

- Tech bucket (DP5B.)
- Logic G1000 grommet mounted electrical distributor (Y1425.)

See planning guide for additional information.

Boa Table, Teardrop, Standing Height

BQ4CS
BQ4CT

Product Information

Description

This teardrop-shaped standing-height table comes in a squared- or thin-edge style and offers a laminate top with thermoplastic edge, or veneer top with veneer edge. Table may be specified with cutouts to accommodate specific Herman Miller power options, ordered separately. Table comes with 1/2" leveling glides. Shipped knocked down.

Notes

Laminate tops 84" to 108" wide have 1-piece construction.
Veneer tops 84" to 96" wide have 1-piece construction.
Veneer tops 108" wide have 2-piece construction.
All tables are supported by 4 column legs inset from the edge. See planning guide for leg placement and clearances.
Cutout will be in the center when specifying 1 cutout (A) in tables 84" to 96" wide.
When specifying cutouts (A, B) in tables 108" wide, cutouts can be located on the left (L), the right (R), or the left and right side(s) of the table. No center cutouts available.
Laminate and veneer tops are 1 1/4" thick.
Integrated technology cutouts are sized for Logic G1000 grommet mounted power access solutions and the Headway™ technology bucket (DP5B.). See planning guide for specific units that fit in the table.
Order the following compatible power components separately:
• Tech bucket (DP5B.)
• Logic G1000 grommet mounted electrical distributor (Y1425.)
See planning guide for additional information.

Boa Table, Tapered, Seated Height

BQ5AS
BQ5AT

Product Information

Description

This tapered seated-height table comes in a squared- or thin-edge style and offers a laminate top with thermoplastic edge, or veneer top with veneer edge. Table may be specified with cutouts to accommodate specific Herman Miller power options, ordered separately. Table comes with 1/2" leveling glides. Shipped knocked down.

Notes

Laminate tops 120" wide have 1-piece construction.

Laminate tops 132" to 168" wide have 2-piece construction.

Veneer tops 120" to 168" wide have 2-piece construction.

All tables are supported by 4 column legs inset from the edge. See planning guide for leg placement and clearances.

When specifying cutouts (A, B) in tables 120" to 168" wide, cutouts can be located on the left (L), the right (R), or the left and right side(s) of the table.

No center cutouts available.

Laminate and veneer tops are 1 1/4" thick.

Integrated technology cutouts are sized for Logic G1000 grommet mounted power access solutions and the Headway™ technology bucket (DP5B.). See planning guide for specific units that fit in the table.

Order the following compatible power components separately:

- Tech bucket (DP5B.)
- Logic G1000 grommet mounted electrical distributor (Y1425.)

See planning guide for additional information.

Product Information

Description

This tech bucket is grommet mounted in Headway™ cabinet-base and Y-base tables to conceal cords off the table surface. It can be customized with faceplates to accommodate hard-wired power and data needs. It has 4 pass-through openings for data cords to be routed into the bucket. Lid opens toward either side of the table and pivots 95° from closed to open allowing easy access to the bucket. Bucket is black. Lid comes in a choice of finishes.

Notes

Tech bucket has knockouts at both ends to allow for data faceplates. See [planning guide for specific knockout dimensions](#).
For Chicago power, specify the tech bucket and hardwire in a junction box. A licensed electrician must wire junction box to the building's electrical supply.

Headway™ Power Module for Tech Bucket

DP6B.

Product Information

Description

This power module mounts inside of the tech bucket. It comes with 4 AC simplex receptacles and has the option of 4 USB (2 Type-A, 2 Type-C). The module is powered using a standard power cord with plug end. Power module finish is black. Product is UL Listed. Attachment hardware included.

Notes

USB Type-A ports supply up to 10 watts of power, and USB Type-C ports supply up to 15 watts of power for charging most devices such as tablets and phones. Smart Power Sharing limits Type-A port to 5 watts when USB-C port is in use.

Order the tech bucket (DP5B.) separately.

Technology/Accessories

Logic G1000 Grommet Mounted Electrical Distributor

Y1425.

Product Information

Description

This Logic Power Access Solutions™ grommet mounted electrical distributor comes in several widths and configurations of simplex receptacles and USB-A and USB-C charging ports. The unit is powered using a standard power cord with plug end, or an IEC connector when used with Renew™ Sit-to-Stand tables. An integrated cord keeper at the face of the unit captures data cords. The unit pivots from a closed position to 135° allowing easy access to power and data cords stored beneath the unit. Product is UL listed.

Notes

Field cutting of grommet cutout is possible.

IEC connector for Renew power type (C) includes short cord designed to connect to the Renew table power cord through-leg option. Actual cord length may vary.

Simplex receptacles have alternating orientation and greater than normal plug spacing to accommodate most plug types.

USB ports provide a combined 20 watts of power to charge most devices and tablets at full speed. USB-C provides 15 watts of power and USB-A provides 10 watts of power individually. When using the USB-C and USB-A ports simultaneously, USB-C remains at 15 watts and USB-A reduces to 5 watts. Refer to Renew Sit-to-Stand Tables planning guide for specific application information.

20' cord/conduit length (20) is recommended for Exclave® applications.

20-Day or Less/Assigned Lead-Time Order Information

20-Day or Less and Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple manufacturing facilities across the United States. All products and options not designated by an Assigned Lead-Time icon  will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an  are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Ordering Procedure

Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.

Order Entry fax number for Meridian®

Filing and Storage: (616) 846 9236.

Order Entry fax number for all other products:

(616) 654 3085.

For more information, contact your Customer Care representative at: (866) 854 3048 ext 3400.

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

Per Herman Miller Terms and Conditions.

Central Palette Overview

Central Palette

Program Overview

The Central Palette is the result of an intentional effort to integrate future design direction, field insights, and long-term business strategy. The palette provides a foundation of design continuity between Herman Miller and Knoll products, while each brand retains their distinct colors, materials, and finishes.

A centralized palette allows designers to create a greater variety of cross-branded premium workplace solutions at a variety of price points.

Finishes

A consolidation of like colors focused in the neutral color space. Painted and plastic components within the palette meet consistent performance and aesthetic criteria, allowing for improved efficiency and reliability.

Paint & Plastic:

8Q Folkstone Grey
91 White
98 Studio White
CRB Carbon
G1 Graphite
UBK Ultra Black
WL Warm Stone

Metallics:

611 Beige Mist Metallic
613 Silver

Laminate

The following solid color and woodgrain laminates will be available in high pressure (HPL) and thermally fused (TFL) versions with coordinating edgbands to support both brands of products.

Solid Color:

8Q Folkstone Grey
91 White
98 Studio White
UBK Ultra Black
WL Warm Stone

Woodgrain:

125 Natural Maple
126 Natural Cherry
127 Walnut
139 Light Ash
140 Warm Ash
LBA Clear on Ash *
LBB Oak on Ash *
LBC Walnut on Ash *
LBU Medium Matte Walnut

Matte:

NSD Celestial Grey
NSJ Asteroid Grey
NSK Nebula Black

* HPL features a woodgrain textured surface; TFL (Melamine) has a smooth surface.

Veneer

The following veneers will be available in aligned gloss and pore options across workspace products for Knoll and Herman Miller.

Techwood:

639 Light Cherry Techwood
651 Soft Grey Techwood
652 Whitened Quartered Oak Techwood
658 Clear Techwood
683 Soft Walnut Techwood
684 Dark Umber Techwood

Natural Veneer & Premium Techwood:

008 Blonde Oak
009 White Oak
010 Golden Oak
012 Oxford Walnut
016 Umber on Oak
017 Light Walnut
021 Peacock Green Walnut
653 Vivid Oak Techwood
659 Brushed Teak Techwood
660 White Maple Techwood
670 Deep Rosewood Techwood

Premium Veneer:

070 Ebonized Oak

Gloss & Pore Options include:

A - low gloss/closed pore
B - medium gloss/closed pore
C - high gloss/closed pore
D - low gloss/open pore
E - medium gloss/open pore
F - high gloss/open pore

Textiles

Textiles are not yet part of the Central Palette program. Refer to the COM Database for Textiles approved on products from various MillerKnoll Brands.
