

HermanMiller  
CK Storage™

## Introduction

The CK filing and storage series is a family of quality cabinets, pedestals, and keyless lockers that are versatile and environmentally friendly. Essential to creating settings that support people's work activities, CK storage lets individuals easily stow and retrieve work tools and personal items. CK storage can also be used to create a smart boundary between different departments or different types of workspaces.

**The CK Filing and Storage Series Family**

Three product lines comprise the CK family, providing a comprehensive solution to filing and storage needs.

CK2 has pedestals, lateral filing cabinets, tambour door cabinets, hinge-door cabinets, sliding door cabinets, open-shelf cabinets, tower storage, and stack-on series.

CK8 includes a range of pedestals, lateral filing cabinets, tambour door cabinets, hinge-door cabinets, sliding door cabinets, open-shelf cabinets and stack-on series.

CKL offers personal lockers with keyless entry and individual setting of lock combinations.

**Versatility for the Office**

CK integrates seamlessly into all types of workspaces. Its pedestals, bookshelves, and sliding door cabinets fit neatly into private offices. Larger units or a run of filing cabinets do triple duty: they store materials for individuals or teams, create boundary, and are a site for stand-up meetings.

Locking or lock-free, traditional swinging doors or space-saving sliding doors, tall towers or svelte pedestals, doors in metal or in clear tempered glass—CK storage can meet any storage need. And it can be ordered in custom colors, so it can either fit in or stand out, depending on the desired effect.

**Versatility for People**

The breadth of the CK storage family means that there’s a place for everything, and everything can stay in its place. Designed for the way people work and live now, CK has storage for things like running shoes, yoga mats, and backpacks, as well as files, books, and computers. And keyless-entry personal lockers keep all of it safe, even for mobile workers and guests.

**Delivers Two Kinds of Value**

The CK family provides value in two ways. First, it's made with quality materials and backed by Herman Miller's industry-leading standard warranty. Second, CK's design maximizes the use of floor space at an affordable price. Both mean that CK filing and storage will be a hardworking office mate for years to come.

**Design for the Environment**
