

**Made Versatile .**

People want choice and variety in how and where they work, and in the activities they undertake. Patterns in working styles change with technological and social trends and the behaviors they create. Layout Studio embodies the versatility these realities demand. A system of furnishings, it functions comfortably in all areas—from open-plan environments to private spaces—wherever you are, whatever your working style and whatever the task.

**Design for the Environment:**

Every component in Layout Studio has been carefully engineered to make the manufacturing process as safe and repeatable as possible. Materials can be sourced locally and manufacture can take place nearer the final destination, which reduces shipping and overall environmental impact. At the end of the product's life, it is easy to disassemble for reuse or recycling.

**Warranty:**

Backed by a 12 year, 7 day, 3 shift warranty.

**ENDLESS  
POSSIBILITIES**

**LAYOUT  
STUDIO™**

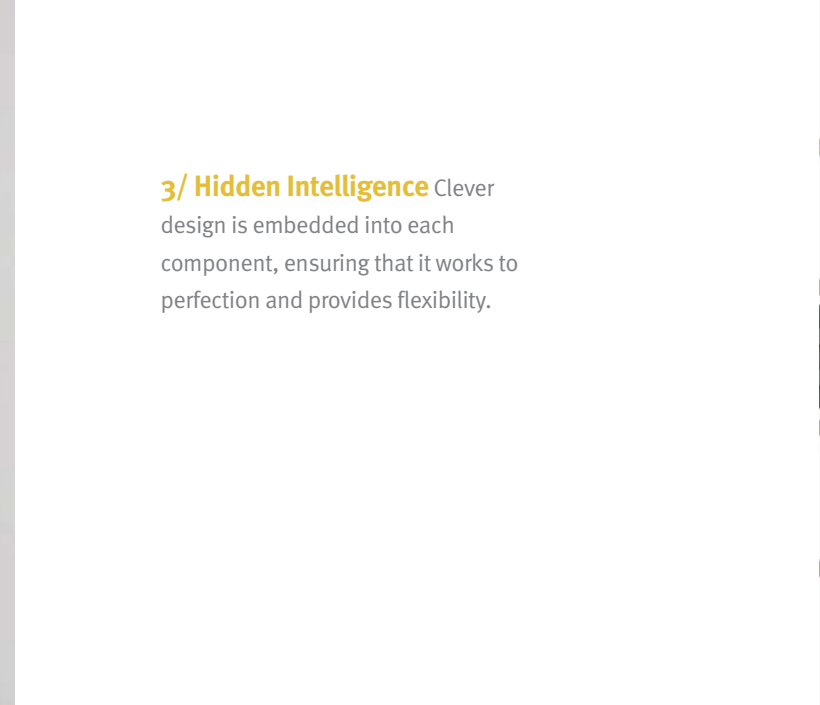

Our business is to help your business, wherever your location. We do this through design, by solving problems for people. The challenge of supporting many different working styles across cultures and countries,

with form and function working beautifully together, gave rise to Layout Studio. It is an adaptable, contemporary office system made for the world.

**1/ Global unity, local expression** Layout Studio enables companies to keep a global identity while meeting local needs. Designed with core components that have been tested and sourced internationally, it is manufactured in various locations reducing shipping time and environmental footprint. **2/ Manage Technology** Layout Studio has a range of cable management accessories to bring power to your space. Choose from a variety of wire baskets and cable trays to suit your needs.

**3/ Hidden Intelligence** Clever design is embedded into each component, ensuring that it works to perfection and provides flexibility.

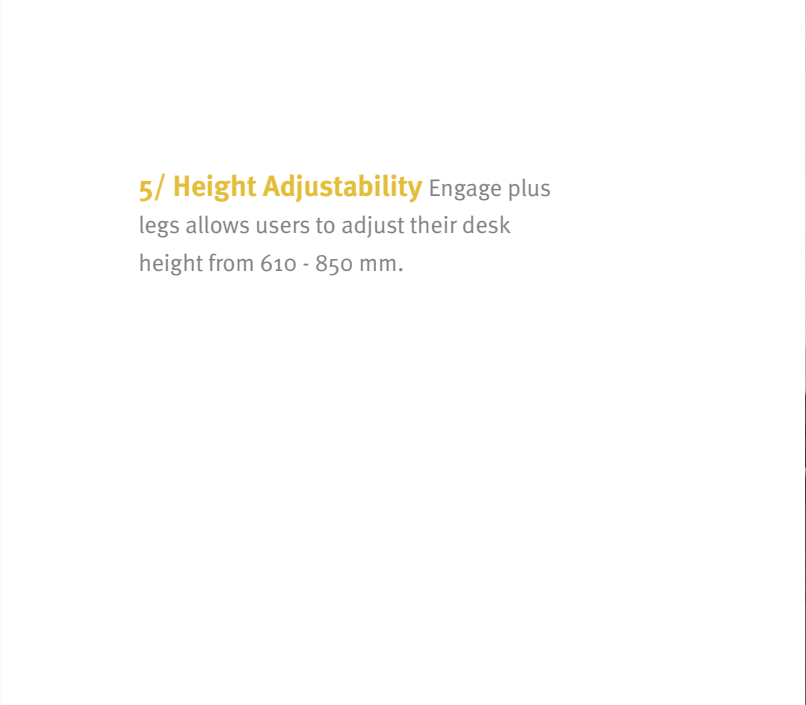

3/

**4/ Sliding Worksurfaces** Sliding work surfaces allow easy access to power and data.

2/

**5/ Height Adjustability** Engage plus legs allows users to adjust their desk height from 610 - 850 mm.

5/

6/

**6/ Screens that do more** Screens are available in a range of options and configurations. Customise with a choice of fabric, EchoPanel, glass or laminate finish to make them your own.
