Bound by Herman Miller™

Bringing a sense of focus to the office

Bound Screens

With an inviting aesthetic and quiet nature, Bound Screens bring a sense of focus and space division to workspaces—all while looking good and adding function. Create different levels of boundary based on your application: mount the Screens to a row of desks, add the Mobile Screen to flexible spaces, or make a private booth with the Freestanding Screen.

Create a sense of focus

Bound Screens are the ultimate combination of form and function for your senses. Personalise your screens with a pinnable boundary to block out visual distractions, allowing for better focus in a more serene environment.

Strike the right note

Available in 50mm width or 30mm width, with options for sound absorption, Bound Screens provide a quieter workplace environment. Bound is remarkably flexible, so you can find the right solution for your space.

Make a smaller impact

Bound Screens are made from 60 percent recycled content and are 99 percent recyclable—helping your workplace to become more sustainable.

1. Move around the Mobile Screen to foster collaborative moments.
2. Create a private space to focus in your office with the Freestanding Screen.
3. Mount the Screens to desks for an instant boundary.

Key Features

Bound Screens

Tackable Fabric
Tack on photos or reminders for an organised and personalised workspace

Surface- or Transom-Mounted
Screens can attach to a surface or transom to delineate and provide privacy

Delineation Screen Attachment
Slides on like a paper clip, making it easy to attach the privacy screen to the work surface

Bound Mobile Screen

Lockable Castors
The Bound Mobile Screen has castors that lock so it sets securely in place

Tackable Fabric
The tackable surface can help foster collaboration

Nesting
The Bound Mobile Screen is designed to nest with others for stowing within a small footprint

Bound Freestanding Screen

Freestanding
Screens can be completely freestanding to create individual spaces

Tackable Fabric
Tack on photos or reminders for an organised and personalised workspace

Connecting Brackets
Connects multiple screens together to create spaces
