Sayl® Stool with Stretch Knit Back Cover

Designer

Yves Béhar

Inspired by suspension bridges—structures that deliver the most using the least material—Sayl stools extend the distinctive look of the Sayl chair into settings that feature high tables or counters. The Sayl Stretch Knit Back Cover provides a touch of warmth and softer aesthetic to the Sayl stool, while maintaining the beauty of the signature 3-D suspension back. Available in seven expressive colors, the knit back adds visual interest while providing plenty of options to personalize your stool.
