Bolster Sofa Group

Designer

BassamFellows

Original Production Date

2014

Warranty

5 Years

The Bolster Sofa Group marries plush comfort for lounging with ample support for sitting in a form quiet enough for traditional surroundings and essential enough for the most minimal, contemporary interiors. Long, slim seat cushions set atop minimal, steel legs give Bolster strong horizontal lines. These lines are made more prominent by Bolster's plush back pillows, constructed of foam and fiber for supportive comfort. Available as club chair, settee, and three-seat sofa, along with corner and chaise lounge units and an ottoman, Bolster is appropriate for both residential and commercial use.
