## Bolster Sofa Group

**Designer**  
BassamFellows

**Original Production Date**  
2014

**Warranty**  
5 Years

The Bolster Sofa Group marries the relaxed comfort desired in a residential sofa with a structure that holds up to contract use. Its versatile form can complement both traditional surroundings and the most minimal, contemporary interiors. Long, slim seat cushions set atop slender steel legs give Bolster strong horizontal lines. These lines are softened by Bolster's slim, pliable seat and back cushions, which allow its upholstery to loosen, resulting in a welcoming, casual look that adds warmth and character to any setting. Available as club chair, settee, and three-seat sofa, along with corner and chaise lounge units and an ottoman, Bolster is appropriate for both residential and commercial use.
