This timeless Eames design’s most recent innovation is the addition of molded plastic shells containing 100 percent post-industrial recycled plastic. The subtle matte texture of the material lends a soft tactility and notable durability.

Designers
Charles and Ray Eames

Benefits
• Timeless design introduced in 1950 and still in-demand today
• Two biomorphic shell shapes provide surprising comfort
• Stylish guest seating ideal for private offices, collaborative spaces, cafés, and more

Warranty
5 years
