

HermanMiller

Eames® Sofa Compact

Designer

Charles and Ray Eames

Original Production Date

1954

Warranty

5 years

This minimalist, diminutive design by Charles and Ray Eames is perfect for a lean space. In production for more than five decades, the sofa has concealed reinforced webbing for support, an enamel steel frame, and tubular steel legs. It offers a wide selection of materials, including textiles by Alexander Girard, whose bold colors and textures were first introduced for Herman Miller in 1952.
