

HermanMiller Healthcare

Pamona™ Flop® Sofa

## HermanMiller Healthcare

### **PAMONA FLOP SOFA**

A simple two-step process “flops” the cushion over to convert this sofa into a comfortable sleep surface that allows guests to stay by the patient’s side. The mechanism-free motion provides a different surface for sleeping than for sitting without changing the sofa’s footprint. Coordinating lounge furniture allows you to create cohesive and functional environments in the patient room.

# HermanMiller Healthcare

## Features

- Mortise and tenon joinery
- Spring seat construction
- Replaceable components
- Removable seat and back covers
- Upholstered arms
