

**HermanMiller Healthcare**

Steps Lounge System

### **A leap in comfort and durability.**

Healthcare environments are complex to plan for, with needs that are varied and demanding. Herman Miller Healthcare and Nemschoff have been advancing the performance of healthcare environments for more than 40 years. Our research-based designs combine performance, value and aesthetics.

Steps modular seating offers a comfortable, dynamic way to define space in healthcare environments. Its unique range of back height options and straight and curved forms can be configured in a variety of ways to direct visitor flow and define space. Integrated power and a variety of tables add versatility to support a broad range of activities, from waiting to working to resting.

## HermanMiller Healthcare

Serpentine configuration with tablet tables and 825 mm footstool  
5970 x 2210 mm

Straight configuration with in-line table and power module  
3250 x 788 mm
