

Canvas Beam

Canvas Beam is a full-length route that provides power and data to devices in benching applications—all without taking up much space. The streamlined design gives people cord-free surfaces for work and easy access to outlets and ports. Multiple material options harmonize with the rest of the Canvas Office Landscape®.

Designers

Jeffrey Bernett and Nicholas Dodzuik

Benefits

- Broad choices for benching
- Uninterrupted support for full use
- Small footprint, open design

Warranty

12-year, 3-shift

Please visit hermanmiller.com/warranty for details.

Key Features

- 1. Unobtrusive Support**
Recessed structural supports extend up to 12 feet, so people can work anywhere along the surface.
- 2. Expansive Surface**
30' span-beam sections can be added or removed at any time to accommodate change.
- 3. Privacy Options**
Screens offer seated privacy. Glass, laminate, and fabric offer choice and aesthetic variety.
- 4. Power and Data**
A continuous center line routes power and data, and through flip-up doors, people can access outlets wherever they're sitting.
