

Commend™ Nurses Station

Commend Nurses Station gives care teams what they need to excel through human-centered design, robust power and data, and a refined, repeatable aesthetic. Combining the beauty of millwork with the benefits of prefab, Commend is a versatile nurses station that brings clarity and order to care team environments.

Benefits

- Modular, durable, and repeatable presence in an ever-changing healthcare landscape
- High-capacity power and data integration with seamless wire management
- Shorter lead times and speedy installations help you stay operable during renovations and open your doors faster on a new build

Warranty

12-year, 3-shift

Key Features

1. Corner Protector

Thoughtfully designed for durability and integrated into the frame to defend against damage from impacts.

2. Toe Kick

Protects Commend's base in fast-paced, high-traffic work environments. Available in laminate or brushed stainless steel.

3. Corner Closeout

A thinner-profile end support provides caregivers with the maximum usable work surface.

4. Tackable Fabric Panel

Allows care teams to display personal items and team information, bringing personality and warmth to the space.

5. Power and Data

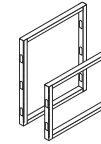

A large cavity allows space for robust power and data routing within the frame.

6. Cable Management

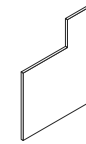

An optional cable trough provides under-surface organization for power and data cords.
