Eames® Table Contract Base Square Outdoor

Designer

Charles and Ray Eames

Original Production Date

1958

Design for the Environment

79% recycled content; 52% recyclable
GREENGUARD® certified

Warranty

3 years

Re-engineered to stand up to the elements, this dining-height table by Charles and Ray Eames has a “contract base”—the original base created for the J. Irwin Miller house—in a durable powder-coated finish. Available in a choice of four stone finishes, the square top is durable and distinctive, and makes a versatile surface for any open-air setting.
