

Capelli™ Stool

Deceptively simple and uniquely sculptural, the undulating molded plywood fingers on this stool by Carol Catalano interlock without a single fastener. The result is an ingenious, sturdy, and graceful seat or side table that is as fun as it is beautiful.

Designer

Carol Catalano

Benefits

- Capelli's two halves stack and stow away efficiently when disassembled
- Easily reassembles by fitting the "fingers" together
- Versatile design for use as a table or stool

Warranty

5 years
