

Comma Seating

Designer Michael Anastassiades pursues his familiar minimalist style with Comma Seating. Embodying the warmth and craft evident in the best 20th century chair designs, Comma has its own unique personality – taking cues from a minimalist Japanese-meets-Scandinavian aesthetic, though plentiful in comfort and scale. The strength of Comma is in its details and proportions. Perfectly round curves and right angles offer more than a careful study in elemental geometry; they preserve a generous spirit with an open and welcoming design.

Designer

Michael Anastassiades

Benefits

- Full arm hoop provides added comfort and support.
- Upholstered seat options give a warm and inviting aesthetic.
- Available in a variety of wood and painted colour options.
- A family approach to seating offers continuity across multiple spaces.

Warranty

5 years

Key Features

1. Clean Design

Seating is pared down to its essential elements, geometric with circle seats and frames at right angles.

2. Craftsmanship

A sculpted form and solid wood frame construction nods to expert woodworking.

3. Material Options

Choice of a wood or leather upholstered seat.

4. Arm and Height Options

Chair is available with and without arms.
Stool is available at bar- and counter-height.

5. Unexpected Colour

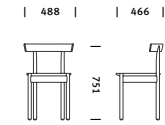

Beauty of natural wood is complemented with pops of colour in new and vibrant stain finishes

Statement of Line Overview

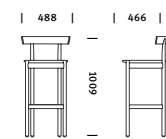

Chair with Arms

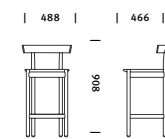

Armless Chair

Bar-Height Stool

Counter-Height Stool
