Key Features

1. Teardrop Leg

Customise your table's look and feel. Turn the legs one way for a rounded corner – or the other way for a creased edge.

2. Surface Shape

The OE1 Huddle Table's D-shaped surface fits squarely along walls, and it tapers to improve sight lines for videoconferencing.

3. Cable Management

Add a vertical leg cable manager to keep power and data cables tidy and accessible under the surface (not shown here).

4. Glides or Castors

Select glides or castors (shown here) for the base to suit your aesthetic and agility needs.
