

OE1 Workbox

The OE1 Workbox keeps the tools and personal items you need organised and close to hand as you move through the day at work or at home. It's made from 99 percent post-consumer recycled plastic and optimised to fit into Herman Miller storage solutions.

Benefits

- With its central handle and toolbox feel, OE1 Workbox carries it all – power cords, a keyboard, mouse, glasses, charger, snacks, tissues and more.
- The OE1 Workbox has an insert tray that serves as a cover, concealing personal items.
- The Workbox is made from post-consumer recycled plastic. It's also designed to fit into the OE1 Storage Trolley, Ubi and other storage solutions.

Warranty

12-year, 3-shift

Key Features

- 1. Handle**
An ergonomic design makes it easy to identify and pick up the Workbox. The handle is in the middle of the Workbox for even weight distribution.
- 2. Insert Tray**
An insert tray serves as a cover, ensuring that your personal items stay personal.
- 3. Stackable**
The Workbox is easily stackable for a smaller footprint and simple storage when not in use.
- 4. Colour Options**
Available in three colours: Folkstone Grey, Glacier and Nightfall.
