

Passport™ Work Table

Your home office. The living room. A studio bedroom. Pulled over to a comfortable office nook. Grouped together for a study session. Anywhere can be your perfect workspace with a desk that moves with you. Height-adjustable, with an intentionally compact lightweight design, Passport is the just-right table for the moments you need it.

Benefits

- Untethered height-adjustable design, with a lightweight single-column base to move your table wherever you need to.
- A simple, intuitive lever to smoothly adjust your table (with a 458 mm range), giving you flexibility between sitting and standing and offering comfort at any posture.
- Intentionally compact in design, with enough surface space for a laptop, notebook and your favourite beverage.

Warranty

Surface: 12-year, 3-shift

Base 5-year, 3-shift

Key Features

- 1. Pneumatic Lift**
Passport's pneumatic lift provides height-adjustability without needing to be tethered to a power source.
- 2. Surface Size**
Passport's surface is compact, yet designed to be enough surface space for your laptop, notebook and favourite beverage.
- 3. Plywood Edge:**
Passport's new, plywood edge is available paired with a variety of the surface finishes.
- 4. Privacy Screen:**
Add an optional Privacy Screen on the large table for warmth and boundary. Available in a variety of colours.
- 5. Bag Hook:**
An optional Bag Hook works well with the large table providing a spot to place your bag.
- 6. Height Adjustment Range**
Passport's height adjustment range is 458 mm, enabling adjustment between seated and standing postures.
- 7. Castors or Glides:**
Passport is available with a choice of castors or glides.
