

# Ethospace<sup>®</sup> Nurses Station

The genius of Ethospace lies in the combination of its sturdy steel frame and interchangeable tiles. Dozens of tile options let you define—and redefine—how your caregiver workspace looks and performs, while steel frames provide ample capacity for power and data and accommodate hanging storage and work surfaces. Updated and expanded regularly since it was first introduced, Ethospace gives organizations the flexibility and durability to meet the shifting demands of care.

## Designers

Bill Stumpf and Jack Kelley

## Benefits

- Becomes a better value with each passing year with a system of reconfigurable components
- Creates diverse caregiver settings to support the activities of your people
- Robust accommodation for power and data

## Warranty

12-year

## Key Features

- 1. Cable Access**  
Allows lay-in cabling and unmatched cable capacity; tiles remove easily for complete access to power and cables.
- 2. Tiles**  
Available in nearly 30 styles, tiles attach to the frames and can be removed in seconds, without tools.
- 3. CMF Options**  
Create the look you want with a wide selection of fabrics, finishes, and materials, including Corian surfaces.
- 4. Components**  
Components can be easily reconfigured to create new touchdown spaces or workstations and storage areas.
