

Flo® Modular Monitor Arm

Flo Modular Monitor Arms accommodate a mix of technology on a single post, including monitors and laptops weighing between seven and 20 pounds each. Using the award-winning Flo Monitor Arm, Flo Modular helps you avoid hunching, craning, or otherwise compromising your posture when you interact with technology. Smooth fingertip control lets you position equipment wherever you need it—up, down, forward, back, or even tilted in portrait or landscape orientation—ensuring a comfortable viewing distance and proper angle for everyone, including progressive lens wearers. And because devices supported by Flo Modular can be positioned high or low, it also supports sit-to-stand applications.

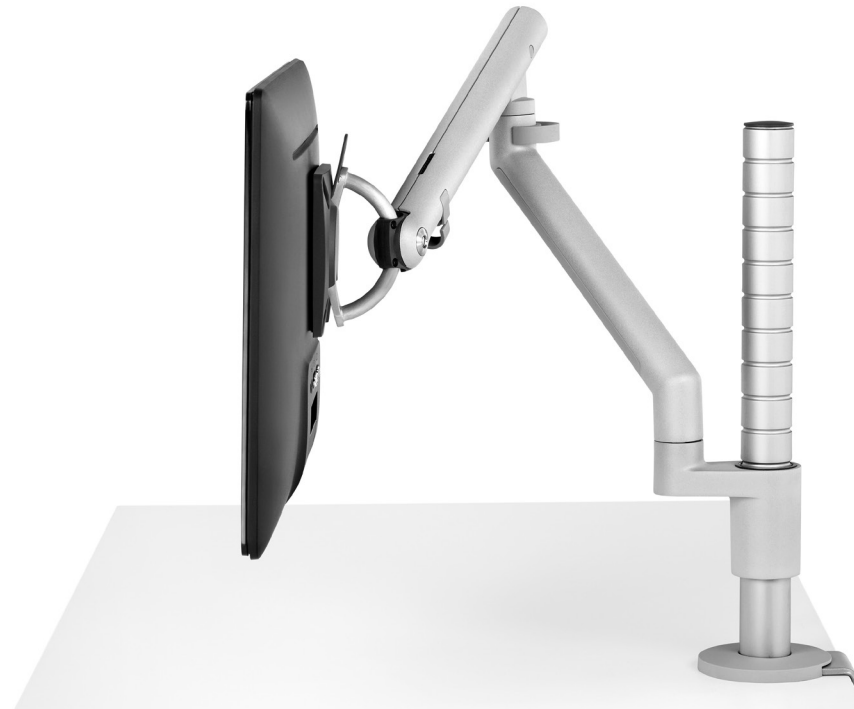

Benefits

- Single post supports a mix of monitors and laptops for a scalable approach
- Offers range of motion for sit-to-stand applications

Warranty

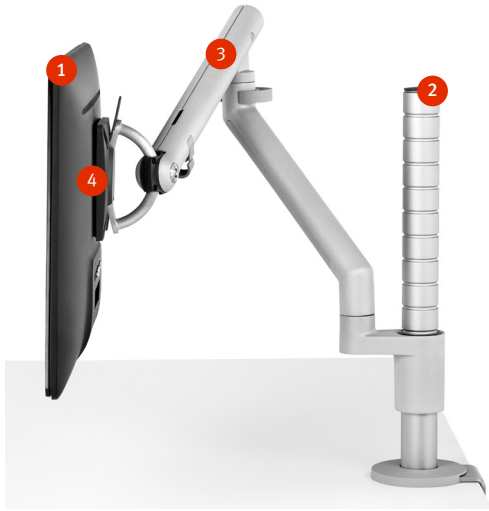

12-year, 3-shift

Flo® Modular Monitor Arm

Key Features

- Supports Multiple Monitors**
Flo Modular supports up to four monitors and/or laptops weighing between seven and 20 pounds each.
- Three Post Heights**
The post is available in three heights, making a variety of sit-to-stand work activities possible.
- Highly Adjustable**
Each Flo arm has a vertical adjustment range of 13.3 inches, a focal adjustment of 20.6 inches, and a +/- 40 degree tilt range.
- VESA Plate**
The VESA attachment plate accommodates two hole patterns (75 and 100 millimeter).
