

Flo[®] Plus Monitor Arm

A heavy-duty version of the award-winning Flo Monitor Arm, Flo Plus offers smooth, intuitive adjustment for monitors or all-in-one computers ranging from 18.7 to 33 pounds. Nearly as important as a performance work chair when it comes to maintaining a healthy working posture, a Flo Plus Monitor Arm can help you avoid hunching, craning, or otherwise compromising your posture when you interact with your technology. Smooth fingertip control lets you position monitors, touch screens, laptops, and tablets wherever you need them—up, down, forward, back, or even tilted in portrait or landscape orientation. This ensures a comfortable viewing distance and proper angle for everyone, including progressive lens wearers. With Flo Plus Dual, you can also move two 24-inch monitors in tandem, and a simple converter lets you switch from Flo Plus to Flo Plus Dual and back again.

Benefits

- Smooth, intuitive adjustment for monitors or all-in-one computers ranging from 18.7 to 33 pounds
- Option to support either single or dual monitors, with a simple converter that lets you switch between one or two monitors

Warranty

12-year, 3-shift
