

AAC 222

PRODUCT FACT SHEET

AAC 222

DESIGN BY HEE WELLING & HAY, 2022

Featuring a wooden frame with elegant, tapered legs, the AAC 222 has a timeless and organic aesthetic. Retaining the fundamental idea shared by the AAC collection, this model is characterized by a curved shell with a slightly higher back. Designed with optimal functionality in mind, the shell construction offers a deep, generous seat that combines inviting aesthetics with a high level of comfort, whilst the lower armrests provide good support and enable the chair to fit underneath a table or desk. The wooden base brings character and stability and is available in different finishes, with the post-consumer recycled plastic shell offered in a wide palette of contemporary colors and multiple front upholstery options. The multitude of variants and design combinations give this series great versatility in a wide range of corporate, public, and private contexts.

HIGHLIGHTS

- Part of a multi-functional indoor family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa.
- The curved shell has a slightly higher back and a deep generous seat.
- Lower armrests offer good support, whilst enabling the chair to fit underneath a table.
- All shells are made from 100% recycled post-consumer plastic.
- A majority of the un-upholstered models are certified with the EU Ecolabel across the whole chair and bar stool series.
- Available with full upholstery, a standard and a soft quilted version in all standard fabrics and leathers.
- The plywood base comes in various colors and finishes.
- Other base options are: Solid wood base, 4-star swivel base, 4-leg steel tube base and 5-star swivel base with wheels and gas lift.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

DIMENSIONS

WIDTH 59 CM
DEPTH 54 CM

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimize our environmental impact. We optimize the use of sustainable materials such as recycled materials, FSC-certified wood, and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability, and safety.

CERTIFICATES

EU ECOLABEL

Applies to unupholstered chairs models covered in EU-Ecolabelled fabrics. Does not apply to seat pads and CMHR foam.

FSC™ LABEL MIX 70%

Made from FSC™-certified wood and other controlled materials.

TESTS

EN 16139:2013

Furniture - Strength, durability, and safety - Requirements for non-domestic seating.
L2 Extreme use - Loading according to Test severity L2.

ANSI BIFMA X5.4-2020

American National Standard For Office Furnishings - Lounge and Public Seating - Tests.
