

AAC 252

PRODUCT FACT SHEET

AAC 252

DESIGN BY HEE WELLING & HAY, 2022

Featuring a five-legged castor base, the AAC 252 combines optimal functionality with modern aesthetics. Retaining the fundamental idea shared by the AAC collection, this model is characterized by a curved shell with a slightly higher back. Designed with optimal functionality in mind, the shell construction offers a deep, generous seat that combines inviting aesthetics with a high level of comfort, whilst the lower armrests provide good support and enable the chair to fit underneath a table or desk. The base is designed with a gas lift that can adjust the seat height and is available in either polished or powder-coated aluminum, with the post-consumer recycled plastic shell offered in a wide palette of contemporary colors and multiple front upholstery options. The multitude of variants and design combinations give this series great versatility in a wide range of corporate, public, and private contexts.

HIGHLIGHTS

- Part of a multi-functional indoor family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman, and a sofa.
- The curved shell has a slightly higher back and a deep generous seat.
- Lower armrests offer good support, whilst enabling the chair to fit underneath a table.
- All shells are made from 100% recycled post-consumer plastic.
- A majority of the un-upholstered models are certified with the EU Ecolabel across the whole chair and bar stool series.
- The 5-legged base is equipped with a semi-automatic gas lift.
- Adjustable seat height varies from 44 to 56 cm
- Available with full upholstery, a standard and a soft quilted version in all standard fabrics and leathers.
- The 5-star base comes in two finishes.
- Other base options are: Molded plywood base, solid wood base, 4-star swivel base, and 4-leg steel tube base.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

DIMENSIONS

WIDTH 69 CM
DEPTH 69 CM
HEIGHT 79-91,5 CM
SEAT HEIGHT 44-56 CM
SEAT DEPTH 42 CM

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimize our environmental impact. We optimize the use of sustainable materials such as recycled materials, FSC-certified wood, and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability, and safety.

TESTS

EN 16139:2013

Furniture - Strength, durability, and safety -
Requirements for non-domestic seating.

L2 Extreme use - Loading according to
Test severity L2.

ANSI BIFMA X5.4-2020

American National Standard For
Office Furnishings - Lounge and
Public Seating - Tests.
