

PETIT STANDARD

PRODUCT FACT SHEET

PETIT STANDARD

DESIGN BY DANIEL RYBAKKEN, 2020

The result of an eight-year journey, Daniel Rybakken's Petit Standard is a study in precision and considered details. With the objective of creating a highly stackable chair, where the stackable features would actually enhance the chair's design, Petit Standard fuses elegance and functionality in an iconic design. Using die-cast aluminum and steel tubes that connect into a three-dimensional triangle, the lightweight frame has a distinctively geometric silhouette, which is counterbalanced by the warmth and natural quality of the oak-veneer seat and backrest. The high back and curved seat ensure great comfort, while the rigid tubing optimizes the chair's strength and stacking ability, making it ideal for corporate environments, educational institutions, and private settings.

HIGHLIGHTS

- Lightweight and functional chair.
- High back and curved seat ensure great comfort.
- Iconic design with a geometric silhouette.
- Oak veneer seat and back made of 100% FSC-certified wood.
- Die-cast aluminum and steel tube frame.
- The rigid tubing construction optimizes the chairs strength and stacking ability.
- FSC™ certified.
- Available in different colors and finishes.
- Stackable on floor up to 12 pcs.
- Stackable on trolley up to 12 pcs.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

DIMENSIONS

WIDTH 52,5 CM | 20.7"

DEPTH 50 CM | 19.7"

HEIGHT 83 CM | 32.7"

SEAT HEIGHT 47 CM | 18.5"

SEAT DEPTH 41,5 CM | 16.3"

MATERIALS

SEAT & BACK

Molded plywood seat and back with inner veneer in beech, top and bottom veneer in oak.

BASE

Ø18 mm powder coated steel tube with die-cast aluminum connectors.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimize our environmental impact. We optimize the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.

CERTIFICATES

FSC™ LABEL 100%
Made from FSC™-certified wood.

TESTS

EN 16139:2013
Furniture - Strength, durability and safety - Requirements
for non-domestic seating.
L2 Extreme use - Loading according to Test severity L2.

WARRANTY

HAY provides a 5-year product warranty.
Please contact the HAY sales team for further information about the warranty terms and conditions.

CARE & MAINTENANCE

Our Care & Maintenance offers guidance for optimal maintenance of your HAY product. It includes advice and instructions on cleaning and caring for specific materials to prolong the life of your furniture. Find the guide at hay.com.
