PYRAMID BENCH 12

DESIGN BY WIM RIETVELD, 2017

Created to be adaptable, light and strong, the Pyramid Benches are the last word in cutout sheet steel construction. Originally created by Wim Rietveld while working at Ahrend in the 1950s, the collection has been relaunched by HAY together with Ahrend. When initially launched in the '50s, it was regarded as a triumph in its innovative use of sheet steel, giving new direction for use in organically shaped products. Today, both as individual pieces and as a collection, it is notable for its sparing use of materials, simplistic construction and for being light enough to move around. These lasting designs manifest functional excellence and aesthetic lightness that have been proved in real environments over several generations. This bench variant features a steel-sheet base with a rectangular oak top, sharing the same functional and uncluttered expression as the rest of the Pyramid collection. The bench's clean aesthetics and light, hard-wearing quality makes it suitable for use in many domestic or corporate contexts. Available in a variety of wood finishes and base colors, it can be used as low side table or as a bench.

HIGHLIGHTS

- Multi-functional family of tables and benches in different shapes, sizes, materials and colors.
- The bench features a solid oak bench top with steel-sheet legs. Support bar pre-mounted underneath the bench top.
- The bench is available in 2 variants (Pyramid Bench 11 and 12).
- The table is available as a rectangular table (Pyramid Table 01 and 02), a round table (Pyramid Café Table 21 and Pyramid Coffee table 51) and a square table (Pyramid Café table 21).
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimize our environmental impact. We optimize the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.

TESTS

EN 16139:2013

Furniture - Strength, durability and safety

- Requirements for non-domestic seating.

L2: Extreme use - Loading according to Test severity L2.

CARE & MAINTENANCE

Our Care & Maintenance offers guidance for optimal maintenance of your HAY product. It includes advice and instructions on cleaning and caring for specific materials to prolong the life of your furniture. Find the guide at hay.com.
