PRODUCT FACT SHEET

HAY

SOFT EDGE 85 BAR STOOL

DESIGN BY ISKOS-BERLIN, 2016

Iskos-Berlin's Soft Edge chair and stool series features a rounded frame and organically shaped seat and back, blending strong curves with extreme lightness to create a minimalistic design with dynamic comfort. All the edges of the ultra-thin, soft-formed seats are bent away from the body, designed to optimize human-centric comfort for constant shifting and movement. With its plastic (PP) seat in a wide range of colors, and powder coated or chromed long steel legs, Soft Edge 85 offers uncluttered aesthetics with a feeling of lightness. Its strength and functionality ensure years of everyday use in diverse public and private environments – from the home to corporate spaces, cafés and institutions.

HIGHLIGHTS

- Part of a family of dining chairs, bar stools and stools with steel base or solid oak legs or polypropylene seat and back.
- Polypropylene (PP) seat and back available in a wide range of colors, and powder coated or chromed steel base.
- The chair is also available in wood in different colors and finishes (Soft Edge 12, 32 and 72) and with steel frame and wood seat and back (Soft Edge 10, 30 and 70).
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.
