

HermanMiller Limerick® Chair

Designer

Tom Newhouse

Limerick chairs show up in so many places because they deliver so much value for such a down-to-earth price. You can stack 10 chairs on the floor or move 36 of them stacked on a cart. Ganging glides let you link the chairs easily to make neat rows of seating for classrooms or auditoriums. The back is curved and flexible, to provide lumbar support. An opening between the back and seat provides ventilation—and makes the chair easy to carry.

Technical Specifications

Seat Height: 18"

Seat Depth: 17.5"

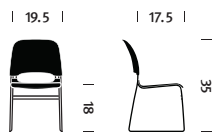

Tested and warranted for use by people 300 pounds and under.

Design for the Environment

GREENGUARD Gold Certified

Warranty
