

# Logic Mini™

A compact addition to the Logic Power Access family, this electrical distributor has a clean appearance and creates a consistent user experience throughout the workplace.

## Designer

Brian Alexander

## Benefits

- Outlets alternate in orientation to accommodate a variety of plug styles and charger types without blocking use of any of them
- Grommet mount and surface clamp options allow people to position the distributor wherever needed
- Can be configured with two simplex receptacles or one simplex receptacle and two USB charging ports

## Warranty

5-year
