Stefano Giovannoni for Magis

Original Production Date

2007

Design for the Environment

0% recycled content; 30% recyclable

Warranty

2 years

Stefano Giovannoni's lightweight outdoor table is sophisticated and versatile. Featuring legs created with air-molding technology and a weather-resistant HPL laminate top, the black or white design—in a round, square, or rectangular shape—makes a sophisticated surface for dining or working in the open air.
