

OE1 Curved Screen

The OE1 Curved Screen divides space, providing visual and acoustic privacy. The subtly curved wall also enhances office aesthetics by providing visual variety and softening the visual hard edge inherent in traditional offices. Because of its gentle aesthetic, this wall is especially effective in collaborative and community spaces.

Benefits

- Through its subtle curve, this wall creates visual variety without disrupting aesthetic continuity in a space. It also provides visual and acoustic privacy and defines meeting and social spaces for teams.
- Order the fabric-wrapped, tackable panel in different colors for each side, so you can express your organization's brand and culture.
- Light enough that you can pull it into place or move it out of the way, the OE1 Curved Screen makes your space responsive to the needs of teams, individuals, and your organization.

Warranty

12-year, 3-shift
