Parts Included

File Converter

Step 1

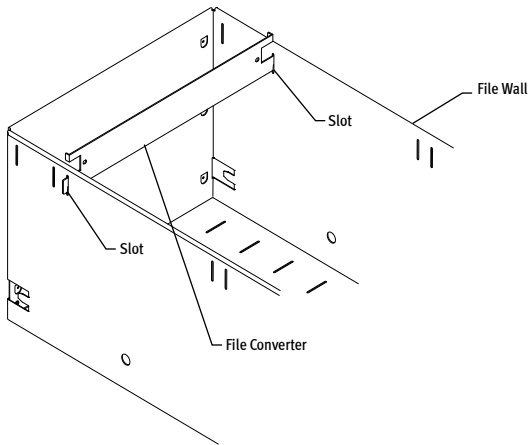

- 1.1**
Note different file slot position in Figure 1.
- 1.2**
Insert end of file converter, slotted end down into specific file slot position until file converter stops against wall of file. Position other end of file converter into corresponding file slot position. Position slots of converter over slot position in each wall of file and slide down to engage. See Figures 1 & 2.

Figures 1

Step 2

- 2.1**
To reposition file converter, lift up both ends of file converter. Slide file converter to one side of file. Pivot other end of file converter upward. Remove file converter from file. See Figures 1 & 2.
