Installation Instructions:

1. Remove Base Assembly, Chair Back, and Spine from packaging and place on a clean flat surface.

2. Using the T-27 Hand Tool remove the Spine Cap Screws by turning in a counter-clockwise direction. Remove the Spine Caps and Shaft and set aside.

Assembly Tip: The Spine Caps are not identical so when removing take care to set them aside in seperate locations that best correspond with their original placement.

NOTICE!

Gently rotate Antler upwards until you can easily remove caps and shaft. Do not rotate Antler any more than necessary or damage may occur.
