How to assemble your Nelson Thin Edge Bed.

Safety Instructions & Warning

- Read all instructions before using products
- Failure to fully tighten screws may cause injury
- Periodically check fasteners to ensure tightness
- The right is reserved to make changes at any time without notice
- Will require at least 2 people

Parts Included

Wood Bed Frame (LH) (1)

Wood Bed Frame (RH) (1)

Top Rail (2)

Headboard (1)

H-Legs (2)

Steel Leg (2)

Wood Leg (6)

Large Spanner Plate

Small Spanner Plate

Short Bolt (46)

Medium Bolt (12)

Long Bolt (2)

Barrel Nut (2)

4mm Allen Wrench (1)

Step 1

Note: Will require at least 2 people.

Start with bed frames facing upward. Ensure frames are properly aligned.

Step 2

Use 2 Long Bolts and Barrel Nuts to connect frames together to assemble the platform. Tighten with allen wrench.

Long Bolt

Barrel Nut

Step 3

Carefully flip connected frames over in orientation shown below ensuring both frames do not bend relative to each other.

Step 4

Attach large spanner plate at foot end of bed with 6 Short Bolts.

Step 5

Attach center and outer legs using 4 Short Bolts per leg.

Wood Leg Option

Steel Leg Option

Step 6

Flip frame over so it is right side up being careful not to put weight on legs while flipping.

Step 7

Attach wooden top rails to both ends using 6 Medium Bolts each. Use top rail with no medallion on end with large spanner plate. Use top rail with medallion on other end. Ensure medallion is facing outward.

Step 8

Attach outer headboard support plates to frame using 4 short bolts for each.

Step 9

Attach inner headboard support plates and small spanner plate using 8 short bolts in total. The spanner plate sits on top of the headboard support plates as shown below.
